FREE Cosmetic Seminar Benefits Family Violence Victims

Alexander Covey, M.D., board-certified in cosmetic laser surgery, cited as “One of the Top Doctors in New York” by the Castle Connolly Guide, one of “America’s Top Physicians” by the Consumers’ Research Council of America, and Surgical and Medical Director of **East End Laser Care**, presented a free seminar on “*New Cosmetic Procedures*” to a packed ballroom at the Inn at East Wind in Wading River on Tuesday, March 24, 2009. Donations of non-perishable food were collected at the seminar for the Suffolk County Coalition Against Domestic Violence which dedicates its efforts to providing safety and support to family violence victims on Long Island since 1976.

“I am pleased that just about everyone who attended this fun and informative event brought donations to help stock the food pantries and support the efforts of the Suffolk County Coalition Against Domestic Violence,” says Dr. Covey.

At the seminar, Dr. Covey performed live demonstrations of some of his most popular treatments and discussed groundbreaking uses for new exciting non-surgical cosmetic technology to help you look and feel your best. He shared how the revolutionary breakthrough treatment **Smartlipo™ Laser Body Sculpting** permanently removes fat and tightens skin with less down time and fewer side effects than traditional liposuction. He also shared how the amazing new breakthrough **Fraxel re:pair Laser** combines the dramatic results of skin resurfacing with the tightening results of a surgical facelift but with fewer side effects and less downtime. He also shared how the latest in **Thermage Body Shape** treatments can help you get rid of wrinkles, tighten the skin on your face and body including eyes, eyelids, neck, and other parts of the body such as the hands, arms, legs, abdomen, and buttocks, reduce cellulite with just one treatment, and help you look years younger – magically, without surgery and downtime. Attendees learned about **VolumaLift™** the new “*Instant Injectable/Liquid Facelift*” as seen on the *Rachael Ray Show* that uses FDA-approved fillers to restore volume to the sunken, deflated areas of your face, the amazing **Fraxel re:store** and other state-of-the-art laser treatments for lines and wrinkles, acne and acne scarring, brown spots, facial veins, rosacea, stretch marks, and unwanted hair and **Mesotherapy/LipoDissolve** for fat and cellulite reduction.

Seminar attendees also learned how **Botox, Restylane, Perlane, Juvederm, Radiesse, Evolence** and other natural fillers can eliminate facial lines, plump up thinning mouths and even reshape noses.

If you missed this seminar and want to learn more about New Cosmetic Procedures, call (631) 878-9200 or visit www.eastendlasercare.com. Dr. Covey has offices in Southampton, Center Moriches, and New York City.
